Welcome to the new academic year 2015-2016. As always we started the year by knowing each other through ice breaking activity. Students wrote about being special in a kite shaped cutout. They also wrote a letter to themselves about their feelings on the first day of their new class.

**English**
Children designed the cover page of their reader; they also took an imaginary trip to Switzerland and enjoyed the “Teddy Bears Picnic” while reading the reader “The Kidnappers”. Students learnt about “Adjectives” by describing their partners or friends through fun filled activity.

**Mathematics**
- Bingo game was the most amazing way to learn forward and backward counting.

**Science**
- Students thoroughly enjoyed the nature walk around the school and differentiated between living and non living things.
- They experienced human timeline by meeting people from different age groups.
- PowerPoint on life cycle of different animals.

**Social Studies**
- We also made beautiful headbands for the ‘Independence Day’

**EXTRACURRICULAR**
- Independence Day was celebrated with much zeal and fervor in school. The students sang the National Anthem and enjoyed the national songs.
