- Verbs with ‘ing’
- Plurals ‘Changing y to ies’
- Unit 4 ‘The Big Sky’
- Creative and journal writing
- Reinforcement of ‘Punctuation’ and ‘Compound Words’

**Math’s**
- Subtraction with and without borrowing
- Subtraction story sums
- Time in minutes
- Reinforcement of tables

**Science**
- Forcemeter
- Friction

**Social Studies**
- Time to say sorry

---

**Activities & Events**

The term began with students writing their New Year Resolution. They made their New Year Resolution Cards. The children designed the cover page of their reader Green Island. They thoroughly enjoyed observing their shadows in the sunlight. It was fun doing the activity with the help of a torch and a ball to make the concept of day and night clear.

Maths: Subtraction with and without borrowing was drilled into the students’ mind with the help of number discs. They played the game of ‘I have _ _ _, Who Has _ _ ?’ to reinforce tables.

Science: Children weighed different objects with the help of a forcemeter and recorded their observations in their journals.

---

**Happy Birthday**

- Azan Ahmed Siddiqui
- Simmi Pesnani
- Aazmeer Ahmed
- Amun Tariq
- Eshal Umer
- M Raed Shahzad

---

**Bedtime**

On average children need 8 to 10 hours of sleep each night. Sleep is important for many reasons. Lack of sleep can cause kids to be hypersensitive, impatient or cranky. It is more difficult for children to concentrate and learn when they are tired. Some doctors even believe that during sleep the brain "flies away" what is learned during the day. Encouraging quite activities such as reading just prior to bedtime offers a transition that helps children relax. Sweet Dreams!
