Dear Students and Parents,

We have come yet again to the end of another academic year. This is an exceptional year for all of us as it marks the completion of fifteen years for the Junior School and twenty years for the Senior School.

Fifteen years ago we started with a modest beginning having 40 students and a staff of about a dozen. Today I can proudly say that we are housing approximately 600 students both at the Pre and Junior School together with over 80 staff members. During the last fifteen years we have achieved an enviable reputation as a centre of outstanding early learning. This has been gained with dedication, hard work and a commitment by our staff to provide the highest quality education to our students in order to enable them to realize their full potential.

Our parents continue to support us in all our endeavours and it has been a pleasure for me to know them. Our Parent Support Group (PSG) provides a wonderful service and works actively, helping us in organising school activities. I thank them all and also welcome some of the new members who have joined us this year.

As usual the second term has also been full of activities which you have been informed about through class newsletters and I give below details of some of those activities.

One of the most popular events at the Junior School is the Annual B.B.Q evening with a different theme every year. This year it was “Pirates of the Caribbean”. Both the children and staff wore Pirate costumes and looked as if they had stepped right out of the movie! It was a festive occasion and enjoyed by all.
**On “Saif” Battle Ship:**

The students of Class V along with me, their teachers and other staff of school visited the PNS Battle Ship “Saif”. The Navy officials and crew gave the children and members of staff a very warm welcome. The students were given a fantastic tour of the battleship. They were fascinated to see the big battle gun, the control room, the captain’s chair and the huge anchor which was being hauled for maintenance.

Most of their tricks not only enthralled the audience at large but also were hilarious, making everyone laugh out with joy.

Our students found the trip highly informative and entertaining, especially when they learnt that the seal could bat and the whale could ball like a professional cricketer!

In conclusion, this was a great show enjoyed by all and I do hope our city keeps bringing us similar pleasurable events in the future too.

**Dolphin Show**

On the 18th of February our students had a great day. The entire school from classes I – V came smartly dressed in their uniforms all ready to go to see the Dolphin show at the Maritime Museum. Accompanied by their teachers and the school staff the children were thrilled to watch the dolphin, the whale and the seal’s performance.

In conclusion, this was a great show enjoyed by all and I do hope our city keeps bringing us similar pleasurable events in the future too.

Earth day was celebrated with a lot of zeal and fervour on 22nd April 2014. The day started with a morning assembly presentation by Grade IVs and Grade I East.

Our auditorium was beautifully decorated with all the teachers’ and students’ art work. Topics highlighted were the 3 R’s (Reduce, Recycle and Reuse), water usage and energy conservation.
On the 2nd of March we organised a carnival to support our ongoing donations to the Marie Adelaide Leprosy Center (M.A.L.C). Like any other event taking place on a grand scale, this one required weeks of planning by the teachers, administrative staff and our generous and dedicated PSG. On the day of the carnival, a festive atmosphere prevailed all around. The auditorium looked completely transformed with bright and colourful decorations.

All kinds of different stalls were set up. Children and adults both had a great time. Some of the popular attractions were “Cake walk” and the “Novelty Stall.”

Outside the auditorium food stalls were set up providing delectable snacks and scrumptious desserts. Jumping Castle was put up near the canteen and with upbeat music heightened the sense of excitement in the crowd. Raffle prizes were announced throughout the event during short breaks.

On the whole the carnival was a mega hit and we managed to raise an amount of Rs. 850,000/- for charity which is a cause we hold close to our heart. This will go a long way towards helping patients suffering from these debilitating diseases.

During this term the school organized a number of extra-curricular activities some of which I have already mentioned earlier. In addition the following activities were held.

Class Is

- Prepositions in a box
- Robin Hood Masks painting
- Fraction Fun!!
- Playing with words

Class IIs

- Finding Homophones
- Making their own magic wand “Jadu Ki Chari” with their Urdu teacher
- Creating a Rainbow in our class

Class IIIs

- We can tell time!
- Fraction Fun!!
- A meeting with herbivores and carnivores!
Class IVs

Playing with Angles!  Making our weather chart  Maths Activity  Social Studies Creativity

Class V

Graduation Rehearsal
Join us while we say goodbye to our teachers, who will be leaving us this year. You will all be missed!

In the end I along with my staff wish the parents and children an enjoyable summer vacation and trust that they will come back to the new term more invigorated and ready to take on the challenges of the new academic year.

Sincerely yours,

Aamira Rizvi
Principal
